

## Register your flock!

If you own more than 50 poultry you must register your flock with DEFRA.

*If you own fewer than 50 poultry registration is still a great idea!*  
It means that DEFRA can contact you if there is a notifiable disease found in your area, helping to protect your birds as fast as possible.

## How to Register

Registration is easy! This pack contains the official guidance notes to help you fill out the form correctly. Then you can either:

- Email it to [customerregistration@apha.gsi.gov.uk](mailto:customerregistration@apha.gsi.gov.uk)
- Post it to:

Animal and Plant Health Agency (APHA)  
Cardiff Specialist Service Centre
